Prof. Christian Amatore
French Academy of Sciences
Chinese Academy of Sciences
World (TWAS) Academy of Sciences
Commission Chair
Commission No. 4 – Chemical Sciences

Prague, February 29, 2016

Dear Professor Amatore,

Thank you for the changes in the Evaluation Report that take into consideration our statement. I would like to reassure you that our comments were certainly not meant as a request for the reassessment of your Report but as an explanation of some points.

We have truly appreciated your valuable recommendations that will be helpful for our Institute and its research teams in the near future.

Sincerely yours

Martin Bilej
