Invitation to a webinar

TECHNOLOGY TRANSFER AND INNOVATIONS IN GEORGIA

Tuesday, 15 February 2022

3-5 pm CET/ 6-8 pm GET, AMT

Zoom: Join HERE

Who are the main actors in the R&D and innovation landscape in Georgia? Which are the key sectors with the highest potential for the valorisation of R&D results? How is technology transfer in Georgia organized and what does its supporting ecosystem look like?

During our virtual event, we will present success stories of tech transfer cases that have emerged from the Georgian innovation landscape. We will discuss the role of academia in the Georgian ecosystem. Finally, we will discuss how to commercialise the Georgian R&D results and support entrepreneurial culture.

SPEAKERS

Nino Enukidze
Rector of Business and Technology University

Mariam Lashkhi
Member of Parliament of Georgia, Committee of Science and Education

Ani Vashakmadze
Head of International Relations at Georgia's Innovation and Technology Agency

Moderator: Aleš Vlk

The webinar will provide an opportunity to connect with a vibrant networking community of academics, tech transfer professionals, entrepreneurs, policymakers and investors from six countries in the region of Central and Eastern Europe. This webinar is the second from a series of virtual gatherings which are going to present technology transfer and innovations in different CEE countries.

he project is co-financed by the Governments of Czechia, Hungary, Poland and Slovakia through Visegrad Grants from International Visegrad Fund. The mission of the fund is to advance ideas for sustainable regional cooperation in Central Europe.
