

Call for Mobility Plus Project Proposals

Identification information

Partner country:	United States of America
Partner organisation:	University of Memphis
Programme:	Mobility Plus Projects
Implementation period:	2020–2022

Legal framework

The call is based on Agreement on Scientific Cooperation of the year 2018 between the Czech Academy of Sciences (hereinafter referred to as CAS) and the University of Memphis (hereinafter referred to as UofM), and in accordance with art. 2 par. 2 of the Act No. 283/1992 Coll., on the Czech Academy of Sciences, as amended, and art. 3 par. 2 of the Statutes of the Czech Academy of Sciences.

Basic definitions

Objectives

- Improvement of scientific cooperation between both countries;
- Stimulation of involvement of young researchers and PhD students;
- Support of research teams aspiring to cooperate on large international projects in the future;
- Enabling the use of methodology, infrastructure and equipment for the mutual benefit of both institutions.

Eligibility criteria

Project proposals from **all research fields** are accepted.

Maximum project duration is **3 years, i.e. 36 months**; extension beyond this period is not permitted.

Project proposals can be submitted:

- On the Czech side by the CAS institutes (<http://www.avcr.cz/en/about-us/cas-structure/research-institutes/>);
- On the US side by researchers approved by the UofM.

In case an applicant submits more than one project proposal within one call, only one of them can be funded.

Only two subsequent projects realized by the same research teams can be funded. Applicant submitting a project proposal following a running project with the same team must justify the need for a continuing project and describe outcomes of the running project. This shall be stated in the Project Proposal form in the part “Description of the project”.

Research team

Each research team consists of:

- One principal investigator (senior or junior researcher);
- One or more co-investigators.

Research team members are divided into four categories:

- Senior researchers (5 or more years after receiving PhD);
- Junior researchers – postdocs (less than 5 years after receiving PhD);
- PhD students;
- Others (e.g. engineers, technicians).

On the Czech side:

- All members must be employees of the CAS institutes.
- Out of the whole team, at least 1/3 must be junior researchers or PhD students.

On the Partner side:

- See the US call for proposals.

Financial conditions

Financial contributions must be calculated and provided in compliance with the valid national legislation and internal regulations of the partner organisations.

Up to 2 (two) projects shall be selected for funding.

On the Czech side:

- Financial contribution shall be provided by the CAS towards the costs of the Czech research team.
- The maximum financial contribution shall be CZK 300 000 per mobility project per year.
- Min. 50% of the approved financial contribution shall be used to cover mobility costs: travel, living expenses.
- Min. 30% of the approved financial contribution shall be used to cover research costs: consumables, services, small equipment, and networking. Non-eligible costs are: personnel, large equipment (exceeding CZK 40,000), overheads.
- There are no eligible indirect costs.
- The ratio between mobility and research costs shall be maintained on the project level as well as yearly. Transferring financial contributions between these two categories is allowed if the minimal ratio for both categories is maintained.

The course of project implementation will be monitored through annual and final reports including use of financial means, justification of costs and possible transfers between categories.

On the Partner side (for information only):

- The maximum financial contribution for UofM researcher teams is \$12,500 USD per joint mobility project per year.
 - Eligible costs are: 1) Mobility costs (maximum 50% per year): travel, living expenses; 2) Research costs (minimum 40% per year): consumables, services,

- small equipment, software, international communication & data exchange (e.g. phone, cloud storage, virtual meeting, and postage, etc.).
- Non-eligible costs are: personnel, capital equipment (exceeding \$5,000 USD), overheads or indirect costs.
 - Projects will be monitored through annual and final reports submitted to the Office of Research Development. Any requests for budget transfers between categories or changes in personnel must be approved in advance by the Office of Research Development.

Project proposal submission

Project proposals must be submitted in parallel to both partner organisations.

On the Czech side:

- Project proposals in Czech or English must be completed and submitted within the stated deadline exclusively via the “KIS” online application (<https://kis.avcr.cz/kis2/oms/login>).
- Proposals submitted in any other way may be rejected on formal grounds.

By submitting project proposal, the applicant:

- Agrees to processing of personal data within the meaning of the Act No. 101/2000 Coll., On Personal Data Protection, as amended;
- Declares that the information he/she stated is accurate, true and complete and that he/she is aware that if otherwise they will face all the legal consequences;
- Declares that, if approved, he/she will during the realization of the project follow:
 - [The Code of Ethics of researchers at the Czech Academy of Sciences](#);
 - [The European Charter and Code for researchers](#);
 - [Recommendations of the International Commission "Self-Control in Science" \(Recommendations of the International Commission on Professional Self-Regulation in Science\)](#)

On the Partner side (for information only):

Project proposals must be submitted **to the UofM, Office of Research Development via e-mail: Researchdev@memphis.edu** by the stated deadline. The proposal application form, a University of Memphis budget spreadsheet and budget justification that details sources of required matching funds must be submitted for consideration. These forms and additional explanations will be available at:

<https://www.memphis.edu/research/researchers/funding/intrenalfundingdevelopment.php>

Evaluation and Selection

Consists of a two-step process:

- At the national level, each partner organisation evaluates submitted proposals based on its internal rules and prepares a ranking list.
- At the international level, both partner organisations exchange their ranking lists, merge them, negotiate the final ranking and approve the proposals selected for funding. Total number of projects approved for funding is dependent on the financial possibilities of both partner organisations.

Criteria for evaluation of project proposals

- **Quality of the project:**
 - Scientific relevance (concept, innovative character in relation to the state-of-the art, quality of objectives);
 - Methodology, work plan of activities and outputs;
 - Impact of project results, their dissemination and exploitation.
- **Quality of research teams:**
 - Composition and expertise of research teams;
 - Complementarity, methodology and equipment; previous cooperation and outputs;
 - Justification of collaboration needs.
- **Active involvement of junior researchers and PhD students.**
- **Added value and broader impact of bilateral cooperation.**

Evaluation of the final report

The project results and outputs will be evaluated. For definition of results see the Methodology for Evaluating Research Organisations and Research, Development and Innovation Purpose-tied Aid Programmes (2017+) (<https://www.vyzkum.cz/FrontClanek.aspx?idsekce=799796>).
